VOTER BILL OF RIGHTS

1. You have the right to cast a ballot if you are a valid registered voter.
A valid registered voter means a United States citizen who is a resident in this state, who is at least 18 years of age and not in prison or on parole for conviction of a felony, and who is registered to vote at his or her current residence address.
2. You have the right to cast a provisional ballot if your name is not listed on the voting rolls.
3. You have the right to cast a ballot if you are present and in line at the polling place prior to the close of the polls.
4. You have the right to cast a secret ballot free from intimidation.
5. You have the right to receive a new ballot if, prior to casting your ballot, you believe you made a mistake.
If at any time before you finally cast your ballot, you feel you have made a mistake, you have the right to exchange the spoiled ballot for a new ballot. Absentee voters may also request and receive a new ballot if they return their spoiled ballot to an elections official prior to the closing of the polls on Election Day.
6. You have the right to receive assistance in casting your ballot, if you are unable to vote without assistance.
7. You have the right to return a completed absentee ballot to any precinct in the county.
8. You have the right to election materials in another language, if there are sufficient residents in your precinct to warrant production.
9. You have the right to ask questions about election procedures and observe the elections process.
You have the right to ask questions of the precinct board and election officials regarding election procedures and to receive an answer or be directed to the appropriate official for an answer. However, if persistent questioning disrupts the execution of their duties, the board or election officials may discontinue responding to questions.
10. You have the right to report any illegal or fraudulent activity to a local elections official or to the Secretary of State's Office.

If you believe you have been denied any of these rights, or if you are aware of any election fraud or misconduct, please call the Secretary of State's confidential toll-free

Decline To State Voters
(Voters not affiliated with a political party)

For whom can I vote?

If you are registered to vote with a political party, you may only vote at this primary election for the candidates running for office from the party with which you are registered and for or against measures. However, if you did not select a political party when you registered to vote, some of the political parties will allow you to vote for their candidates anyway. If you are not registered with a political party, upon request you can vote a ballot of any political party that has notified the Secretary of State that it will permit "unaffiliated" voters to help nominate their candidates.

The following political parties are allowing voters who are not registered with a political party to request and vote their party's ballot at the March 2, 2004, Primary Election:

- American Independent Party
- Democratic Party (all candidates except county central committee candidates)
- Republican Party (all candidates except Presidential candidates and county central committee candidates)

You may NOT request more than one party's ballot. If you do not request a specific ballot, you will be given a nonpartisan ballot containing only the names of candidates for nonpartisan offices and the measures to be voted upon at the March 2, 2004, Primary Election.

If you are not registered with any political party, and you want to know which of the political parties will permit you to vote their ballots at the March 2, 2004, Primary Election, you can call our toll free number 1-800-345-VOTE or visit our website at www.myvotecounts.ca.gov or www.ss.ca.gov.

***HAVA INFORMATION FOR BALLOT PAMPHLET
(DRAFT 11-14-03)***

What is HAVA? The federal Help America Vote Act of 2002 or HAVA was signed into law by the President in October 2002. It is intended to prevent the problems that were experienced in Florida at the November 2000 presidential election by providing for the modernization of voting systems, election official and poll worker training, voter education, accessibility to voting systems by individuals with disabilities or with alternative language need, a statewide database, a complaint procedure, provisional balloting and other changes. Many of the reforms contained in HAVA are patterned after existing California State law. However, all of the provisions of HAVA are being implemented to ensure that every valid vote counts. For more information regarding the implementation of HAVA in California, please see www.myvotecounts.org.

HAVE YOU MOVED?

When you move to a new address, you should update your voter registration. This is important so that you can receive election information in the mail, and also to make sure you get to vote for all the appropriate candidates and measures.

However, if you move to a new address in the same county as your old address, and you have not updated your registration, there is a “fail-safe” law that says you can still vote.

To do so, you must go to the polling place appropriate for your new address. To find your polling place, see Page ____ of this booklet.

Because your voter registration does not reflect your current address, your name will not be on the list of voters at the polling place but you can request a “**provisional**” ballot. This is just like a regular ballot, but it is inserted into a special envelope and will only be counted after the elections official checks to make sure you are properly registered to vote. Be sure to sign the envelope!

If you move to a new address in a different county than your old address, you must re-register to vote and the “fail-safe” process does not apply.

The last day to register to vote is for the March 2, 2004 Presidential Primary election is February 17, 2004.

(NOTE: If you moved to your new address after February 17th you can return to your old polling place to vote.)

The Process of Voting Absentee

Any registered voter may vote by absentee ballot. Rather than go to the polls to cast a ballot on election day, you may apply for an absentee ballot, which you will need to complete and return to your elections official.

To apply for an absentee ballot, you may use the application printed on your Sample Ballot, which you will receive prior to every election, or apply in writing to your county elections official. You will need to submit a completed application or letter to your county elections official between 29 days and 7 days before the election. The application or letter must contain 1) your name and residence address as stated on your registration card; 2) the address to which the absentee ballot should be sent (if different than your registered address); 3) the name and date of the election in which the you would like to vote absentee; and 4) the date and your signature.

Once your application is processed by your county elections official, the proper ballot type/style will be sent to you. After you have voted, insert your ballot in the envelope provided for this purpose, making sure you complete all required information on the envelope. You may return your voted absentee ballot by 1) mailing it to your county elections official; 2) returning it in person to a polling place or elections office within your county on election day; or 3) authorizing a legally-allowable third party (relative or person residing in the same household as you) to return the ballot on your behalf. Regardless of how the ballot is returned, it **MUST** be received by the county elections office by the time polls close (8 p.m.) on election day. Late-arriving absentee ballots are not counted.

Once your voted absentee ballot is received by your county elections official, your signature on the absentee ballot return envelope will be compared to the signature on your voter registration card to determine that you are the authorized voter. To preserve the secrecy of your ballot, the ballot will then be separated from the envelope and the ballot becomes as anonymous and secret as any other ballot

APPLY TO BE A PERMANENT VOTE-BY-MAIL VOTER: Any voter may apply for PERMANENT ABSENT VOTER STATUS (Elections Code §3201). These voters are automatically sent a vote-by-mail ballot for every election without having to fill out an application every time. Please contact your county election official to apply to become a permanent vote-by-mail voter if you wish to receive vote-by-mail ballots for all future elections. To find out who your county election official is go to *page ____ of this guide or online* *at* http://www.ss.ca.gov/elections/elections_d.htm to see a list of contact information for all county election officials.

Legislative Analyst

The Legislative Analyst's Office provides nonpartisan fiscal and policy advice to the California Legislature. The office reviews and analyzes the operations of state government to ensure that the executive branch is implementing legislative policy in a cost-efficient and effective manner. The office was established more than 60 years ago and has served as a model for similar offices in other states and at the national level. State law requires the office to prepare analyses of statewide initiatives and all statewide ballot propositions, with particular focus on the fiscal impact of the measures on state and local government.

Legislative Counsel Bureau

The Legislative Counsel Bureau is a nonpartisan public agency that provides legal services to the Legislature and others. The bureau is responsible for proofreading the text of all measures placed on the state ballot. If a measure repeals or amends provisions of a statute or of the California Constitution, the bureau reviews these provisions to ensure that the ballot measure accurately addresses the law as it exists at the time of the election.

Also, if the Attorney General is a proponent of a proposed measure, the Legislative Counsel Bureau performs all the duties with respect to the title and summary of the measure that ordinarily would be performed by the Attorney General.

What is Cal-Access?

California Automated Lobbying and Campaign Contribution & Expenditure Search System

Cal-Access is your window into the universe of campaign finance and lobbying at the California state government level.

Who contributes and how much do they give to the campaigns of candidates for statewide offices and the State Legislature?

Who finances campaigns for and against state ballot propositions?

Who pays for all those political ads on radio and television and for those political flyers crammed into your mailbox at election time?

Who pays to lobby state government on issues that affect all Californians?

Cal-Access provides the answers. "Click" on Campaign Finance or Lobbying Activity above and follow the money trail. A new option allows you to search across filings and produce summary reports. Click on "Advanced Reports" to use the new searchable database features. Tips on how to use the system are at your fingertips.

The information is derived from electronically filed reports submitted by candidates, political action committees, political parties, ballot measure committees, major donors, lobbyists, lobbying firms, and lobbyist employers. Campaign organizations with receipts or expenditures of \$50,000 or more and lobbying entities with payments of \$5,000 or more are required to file electronically.

ABOUT INITIATIVES

WHAT IS THE INITIATIVE PROCESS?

The initiative process, often referred to as "direct democracy," is a tool which citizens can use to directly propose change to California law instead of going through their legislative representatives in state government.

HOW TO QUALIFY AN INITIATIVE FOR THE BALLOT

The first step in the process is drafting the text of the proposed law (or measure). The proponent(s) or author(s) of the measure can write the text themselves, seek assistance from private counsel, or request assistance from the Office of the Legislative Counsel.

TITLE AND SUMMARY

Once the text has been drafted, the proponent(s) must submit a written request to the Attorney General, along with the text of the measure and \$200, for an official title and summary of the measure. The Attorney General prepares an official title and summary and, if necessary, requests a joint fiscal impact report from the Department of Finance and the Joint Legislative Budget Committee.

PETITION CIRCULATION

Once an official title and summary is issued by the Attorney General, an official filing date is established and a calendar of important filing deadlines is prepared for the proponent(s) by the Secretary of State. The proponent(s) have 150 days to circulate petitions for signatures to qualify the measure for the ballot.

Proponent(s) must collect signatures equal to 5% of the total number of votes cast for all candidates for Governor at the last gubernatorial election to qualify an initiative proposing to change California statutes. If an initiative proposes to amend the California Constitution, proponent(s) must collect signatures equal to 8% of the total number of votes cast for all candidates for Governor at the last gubernatorial election.

FILING AND CIRCULATION

Once the required number of signatures has been collected, the proponent(s) must file the petitions with the appropriate county elections official for signature verification. The initiative is considered qualified once the Secretary of State receives notification from the county elections officials certifying the petitions have been signed by the requisite number of registered voters.

PROPOSITION PLACED ON THE BALLOT FOR VOTER APPROVAL

Once an initiative has qualified, it is placed on the next statewide ballot. However, it must qualify at least 131 days before the next statewide election at which it will be placed before the voters. If approved by a simple majority vote, the initiative takes effect the day after the election unless another enactment date is specified in the text of the measure.

For more information regarding the initiative process, please visit the Secretary of State's website at www.ss.ca.gov or call the Elections Division at 916-657-2166.

BALLOT MEASURES DEFINED

LEGISLATIVE BOND MEASURE

Any bill that calls for the issuance of general obligation bonds must be adopted in each house of the Legislature by a two-thirds vote, signed by the Governor, and approved by a simple majority of the public's vote to be enacted. Whenever a bond measure is on a statewide ballot, an overview of California's bond debt is included in the ballot pamphlet.

LEGISLATIVE CONSTITUTIONAL AMENDMENT

Whenever the Legislature proposes an amendment to the California Constitution, it is known as a legislative constitutional amendment. It must be adopted in the Senate and the Assembly by a two-thirds vote before it can be placed on the ballot. A legislative constitutional amendment does not require the Governor's signature. This type of amendment requires a simple majority of the public's vote to be enacted.

LEGISLATIVE INITIATIVE AMENDMENT

Whenever the Legislature proposes to amend a law that was previously enacted through the initiative process, the Legislature is required to present the amendment to the voters for passage. The Legislature may amend the previously-adopted initiative measure if the measure permits legislative amendment or repeal without voter approval. This type of amendment requires a simple majority of the public's vote to be enacted.

INITIATIVES

Often referred to as "direct democracy," the initiative process is the power of the people to place measures on the ballot. These measures can either create or change statutes (including general obligation bonds) and amend the California Constitution. If the initiative proposes to amend California statute, signatures of registered voters gathered must equal in number to 5% of the votes cast for all candidates for Governor in the previous gubernatorial election. If the initiative proposes to amend the California Constitution, signatures of registered voters gathered must equal in number to 8% of the votes cast for all candidates for Governor in the previous gubernatorial election. An initiative requires a simple majority of the public's vote to be enacted.

REFERENDUM

Referendum is the power of the people to approve or reject statutes adopted by the Legislature. However, referenda can not be used to approve or reject urgency measures or statutes that call for elections or provide for tax levies or appropriations for current expenses of the state. Voters wishing to block implementation of a legislatively-adopted statute must gather signatures of registered voters equal in number to 5% of the votes cast for all candidates for Governor in the previous gubernatorial election within 90 days of enactment of the bill. Once on the ballot, the law is defeated if voters cast more NO votes than YES votes on the referendum question.
